Crew Advisor Minute: Mr. Jim Blackie

Hey Crew 316,

You guys are an amazing group of young men and we've had such a successful 15 months together. I'm hoping that it will be even better in the future! With our motorcycle campout planned and another river raft on the calendar, we've got even more great and exciting memories and experiences coming. I encourage you all to take the Venturing Motto to heart, "Lead the Adventure." You guys are all Eagle Scouts! What an honor! So take your talents to the next level! Step up and learn what it's all about to plan and execute an activity! It'll be fun for all and you'll learn so much! And it gives you a chance to put your Christianity into action as well, as you pray for God's help and guidance, and that it will honor and glorify Him! So, let's do it! Lead the Adventure!

Sincerely,

Mr. Blackie

Website Update:

Crew 316 has a new website, new email system, and other online systems. This month, the VP Communications, Micah Baumann, went to boost crew316.org's listings in search engines from page 50 to page 1. In the process, a listing in Google, Bing, and Apple were created. The more positive reviews we get in these listings, the higher our website will rank in search engines and the higher up it will get listed when someone searches it up. Mission to crew members: 1. Go to crew316.org as much as possible. 2. Write as many good reviews about the crew in the Google, Bing, and Apple listings.
